CHASE

Preferred provider for many dental plans.

KOOTENAI *Family* DENTAL

Restoration and Enhancement Specialties:

CEREC®

One-visit dentistry

CEREC®-One visit dentistry • CEREC is an on-site, single visit, state-of-the-art method of creating color-matched, precise and durable ceramic restorations for simple fillings to full crowns and veneers. With a digital 3-D camera and CAD software, exact specifications are sent to our creation machine where the ceramic restoration is complete in 15 minutes. We then fit, polish and bond it for permanence, sending you on your way.

LUMINEERS™

BY CERINATE.

Lumineers® • Imagine contact lens-thin, porcelain shields that require little to no tooth preparation, shots or drilling and will bond to the front of your teeth, creating dazzling changes to your smile. You'll be permanently white with even spacing and tooth length - and best of all, 20 years of clinical research has shown exceptional long-term results.

Sapphire® One-Hour Whitening* • The Sapphire Chairside Whitening System is a one-visit procedure proven to whiten teeth between 7-12 shades in an hour or less with little or no sensitivity. Utilizing the Sapphire whitening formula combined with the Sapphire light, this is a fast, safe and proven procedure.

Referral Rewards Program

Your friends and family deserve the best in dental care. Refer them to Dr. Wilder and get a personal reward.
